Sallena,

Attached is a sheet with the pricing from the news publications and the Dewey Burdock public notice. We do not have the go-ahead from Douglas and Valois to publish right now. I am sending this to you just in case you would like to get started with the appropriation requests.

Do you think it might be a good idea to give Sallena the newspapers and pricing now so she can get the PRs rolling? Then when you want to release the notice to the papers for publication, Sallena can proceed with contacting them.

Thanks Lynne: please let Valois, Sarah, and I know when these get sent to Sallena. This should happen relatively soon (i.e., by early next week) so that Sallena has plenty of time to prepare the PRs. My understanding is that she will send these to my Webforms inbox. I will approve these and forward them on to Maryann ONLY WHEN: 1) we have relative certainty of the date the actual PN would post on the web and have inserted this date into these final version of these publications; and 2) secured (carryover) funding for the PRs early in FY 17 so that Maryann can approve them. Our goal is to ensure all newspaper publications occur BEFORE the PN posts on the web (current projected date is October 14th).

If you (or others) understood otherwise, please let me know!

Douglas

Subject: Dewey Burdock Public Notice

Just an FYI. I haven't submitted the notice along with the newspapers to Sallena yet to initiate publication. I will not be in on Thursday the 15th and Friday the 16th.
